

BY Faith

By Faith!

The substance of things hoped for
And the evidence of things you can not see

By Faith!

Through the mountain that's in my way
All I have to do is pray, trust and believe

First you must believe it
Then you can receive it
Faith; the seed you need to sow

Sow into you blessing
And even start confessing
This is what you need to know

Know that all things are possible
Know that all things are possible
Know that all things are possible
By Faith...
By Faith...

Vamp:

Yes I can do it – By Faith
Yes I can be it – By Faith
Yes I believe it – By Faith
Yes I receive it – By Faith
