

Islands of Trash

VERSE ONE

Out in the ocean, swirling 'round and 'round,
A very strange phenomenon, can be found,
 Islands of trash, out in the sea, and it
 All came from people,
 Just — like you, and me.

CHORUS

Islands of trash, Islands of trash
Floating and growing, day after day,

Islands of trash, Islands of trash,
Never — ever — ever going away.

VERSE TWO

Refuse and garbage and plastic and junk,
Flotsam / jetsam / Rubbish and, debris,
Always expanding, never - ever landing (3x)
Trash that's forever adrift in the sea

(2nd time): Trash that's forever adrift in the sea...
 Trash that's forever adrift, forever adrift.
 (random spoken: **'forever-ever adrift'** (build to crescendo)
 (ALL sung) In The Sea.

(slowly) Islands of trash, Islands of trash,
Never — ever — ever going away (repeated)

(+ bass line:) Never going away, no never...(repeat as directed)
