

Peter w/Choir
Meet Me Here In The Morning

Choir

meet me here in the morning
Where no darkness dwells
its only through you that i got here
You picked me up
when i fell

meet me here in the morning
where no darkness dwells
it's in your arms of my salvation
all my fears are dispelled

Peter

There were many dark nights
when i had given up on me
i thought You did too
but You carried me through

as my shame turned to anger
and im looking for someone to blame
You show me a mirror
So fear would be clear

if it wasn't for
Your amazing grace
and the sweet warmth
of love in Your arms

I would not know
Your loves' a sacred place
and with you
none can do me any harm

Choir

Glory, Glory
Hallelujah x2 x2

CHOIR

I say i will
but then i won't
I say i'll do
but then i dont
but to You
i am Your prize
and You'll never not be there
right there by my side

PETER
